

Log Kicker Forks Recycled Bale Clamp Forks

For Wheel Loaders & Toolcarriers

LOG KICKER FORKS

Dymax Log Kicker Forks are designed to match each application

Available as direct mount pin on models or setup with coupler hooks to work with the **Dymax coupler system** and other popular coupler models.

Top clamp operates through dual heavy duty cylinders for maximum power. Kicker portion operates through 24v high flow diverter valve and requires a switch to be located in the cab. Machines with 3rd and 4th functions do not require a diverter valve.

Contact **Dymax Sales** for more information: 1-800-530-5407

RECYCLED BALE HANDLING FORKS

Dymax Recycled Bale Handling Forks are ideally suited for handling recycled bales in various sizes.

Designed around each machine and application, the **Dymax Recycled Bale Handling Fork** provide years of productive use.

The full width grapple assembly operates through dual heavy duty cylinders and secures the load

Various carriage widths and tine sizes are available. Most common tine lengths are 60", 72", 84" and 96".
