

XD GRAPPLE RAKES for Wheel Loaders

OVERVIEW

Dymax (XD) Extreme Duty Grapple Rakes are built to provide years of productive use and are backed by the best service in the industry.

Tines are designed to provide ripping ability and ease of unloading wood waste materials into trucks, shredders or tub grinding machinery. Fitted with high strength AR400 rake tines and frame design. Easily adapts to most wheel or track loaders and can be equipped in direct mount or to fit a specific quick coupler system.

AR400 TINES

Hi tensile strength steel tines with replaceable tips provide long lasting wear performance in high abrasion applications.

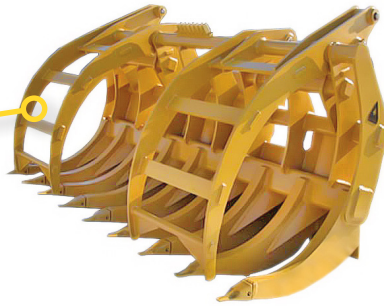

FEATURES

- Two heavy duty independent grapples with cushion valve kit to provide smooth and balanced operation.
- Includes stand legs for easy uncoupling from loader.
- Available as direct mount pin on model, or can be equipped with coupler hooks.
- Equipped with solid AR400 steel tines.
- Optional carbide overlay available on underside of tine for abrasive applications.
- Optional upgrade replaceable ESCO adapters and tips available.

GRAPPLES

Standard models feature two independent grapples. Full width grapple is available upon request.
