

**FEED BUNK SWEEPER**

## OVERVIEW

**Dymax Feed Bunk Sweeper** for Skid Loaders and Small Wheel Loaders features a high torque, low speed hydraulic motor that drives the sweeper head.

The manually adjustable arm enables the Dymax Feed Bunk Sweeper to be used with all types of bunks. The support arm features a telescoping boom, which adds to the flexibility of the unit in working in different sized bunks or on a variety of machines.

Ideal for removing snow from feed bunks during inclement weather, the heavy duty poly bristles and a high quality motor insure satisfactory operation in all feed conditions.

Your cows want a clean dinner plate, too!
