

Specialized Wheel Dozer Model with liner plates

OVERVIEW

Dymax Straight Dozer Blades for Wheel Loaders, Motor Graders and Wheel/Track Dozers are highly versatile and built for tough applications. Dymax Straight Dozer Blades can be found working in many harsh applications and are commonly found dozing rock, maintaining haul roads in severe work environments.

Dymax Straight Dozer Blades are ideal for iron ore mines, gold mines, copper mines and other metal producing mines. If you need a tougher blade, you need a Dymax Straight Dozer Blade. Dymax Straight Dozer Blades are available with push arms for fitting certain models of Caterpillar Wheel Dozers.

FEATURES

- Includes replaceable bolt on cutting edges and end bits and bolt on sole plate skid edges.
- Fits factory outside mount push arms.
- Available with Hardox® 400 and Hardox® 500 Wear package for high impact, abrasive applications.
- Available with white iron wear blocks, side replacement shrouds and other types of wear protection.
- Custom designs available upon request.

Specialized Wheel Dozer Model with liner plates and side wear protection for Caterpillar 834 and 844 wheel dozers

WHEEL LOADER & MOTOR GRADERS

- Includes replaceable bolt on cutting edges and end bits and adjustable skid shoes.
- Made to pin to loader arms or can be made to work with specific quick coupler systems.
- Standard high strength steel moldboard with heavy duty backup beam construction.
- Custom designs available upon request.
