

**QUICK COUPLER SYSTEMS** FOR WHEEL LOADERS**OVERVIEW**

Dymax Quick Couplers add enormous versatility to wheel loaders in any application. The operator can change attachments - e.g. from bucket to pallet fork to snow blade - in less than 30 seconds without leaving the cab of the machine.

Dymax Standard Quick Couplers are designed to work with Dymax attachments and also can interchange to fit standard Balderson® pin-style quick couplers. They are horizontal pin lock design and feature strong dual beam construction to provide long lasting service life.

Dymax Custom Compatible Quick Couplers enable operators to utilize existing attachments with any given machine: Cat IT style, JRB, Volvo, JCB, Rybind and many others.

**VOLVO/ISO COUPLER**
