

BONUS BUCKETS - FOR WHEEL LOADERS

OVERVIEW

For nearly 30 years, **Dymax Bonus Buckets** have provided effective solutions for the aggregate industry. Now, we offer an optimized design for the agricultural sector, helping high lift loaders achieve greater dump heights and improved feeding performance in dairies, feedyards and other specialized applications. Available in both wide and traditional widths, Bonus Buckets use side pockets to increase capacity without the need for a longer floor, allowing operators to achieve optimal volume and dump height with each pass.

KEY FEATURES

- Specialized pocket design to meet capacity requirements.
